The ALS Walk is Back!

Walk for ALS

Fighting Lou Gehrig's Disease

All proceeds are tax deductible and help local patients and families battle **ALS** (Lou Gehrig's disease).

Every 90 minutes someone in the United States is diagnosed with **ALS**. **ALS** is not rare, it can affect anyone, at any age.

MISSION

ALS of Utica is committed to providing patients and families a guide to:

- Maneuver a diagnosis of **ALS**
- To inspire them to believe that their life does not have to be over, just different than planned.
- Assurances that technology and nutrition can help to live longer, fulfilling lives.
- Provide skills by which families and friends can raise money for **pALS**
- Along with knowing that no one will embark on this journey alone
- We are on hand to give emotional and financial support all while preserving the dignity of each patient.
